Profiles Performance Indicator™

Your Guidance & Mentoring Tool to help every student reach peak productivity and achieve professional growth

Profiles Performance Indicator™

Have you ever wished students came with an instruction manual?

If you have been puzzled by a student's counterproductive behavior or frustrated by a student's inability to understand simple instructions, you should know about the **Profiles Performance Indicator**. It is guidance & mentoring tool that breaks the inhibitors to effective communication and productivity. It reduces conflicts in personality and style that get in the way of domestic tranquility and student success.

The Profiles Performance Indicator is easy to use. In just 15 minutes, your student responds to 30 questions via the internet and moments later, you can be reading an informative and revealing Student Guidance & Mentoring Report. If you have ever wished students came with instructions, the Profiles Performance Indicator will be "your wish comes true".

Benefits of Using the Performance Indicator:

- Encourages your student's initiative
- Encourages your student to do quality work
- Encourages your student's creative problem-solving
- Promotes learning, self-improvement and communication
- Helps your student deal with job-related stress, frustration and conflict
- Reveals if your student is internally or externally driven in school and activities
- Helps reduce mistakes, creating positive attitudes throughout your school and family
